

Pupil premium strategy statement - 2024-25

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Please note that although this plan is for the year 24.25 and review for 23.24, our pupil premium strategy is a 3-year plan (22-25).

School overview

Detail	Data
School name	Bristol Free School
Number of pupils in school	Total 1293
	Y7-11 = 1023
	Y12 13 = 270
Proportion (%) of pupil premium eligible pupils	163 students /16%
Academic year/years that our current pupil premium strategy plan covers	2022-23, 2023-24, 2024-25
(3 year plans are recommended)	
Date this statement was published	Oct 2024
Date on which it will be reviewed	Sept 2025
Statement authorised by	S King
Pupil premium lead	J Fernandes
Governor / Trustee lead	A-M Boyle

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£184,215
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£184,215
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

Irrespective of socio-economic background, Bristol Free School believes that every child has the right to access opportunities that will allow them to make the same future learning and career choices as their peers. The pupil premium strategy this academic year has been written in the knowledge that the pandemic has widened the gap between pupil premium and non-pupil premium students nationally and that although disadvantaged students at the school per formed better than national statistics suggest they did in other secondary schools, their performance still does not match the performance of non-disadvantaged students at the school. The school acknowledges that there is no single project that will combat this issue and that the programme of support for PP students must be personalised to suit a child's personal circumstances and needs.

The school's focus remains on quality first teaching and then on the selection of evidence-based approaches to improve the life chances of our disadvantaged cohort. Research shows that quality first teaching is the most important lever that will have the greatest impact on the outcomes of all pupils, particularly the disadvantaged. To overcome any potential barriers and equip pupils with the 'powerful knowledge,' investment in professional development, training and support for early career teachers as well as recruitment and retention of all staff will be integral in consistently implementing the school's ambitious curriculum. Our focus on cognitive science and memory recall will assist our endeavours to ensure that students have a focused and efficient education.

Children have experienced social and emotional hardship over the last three years and we have found that they need extra support to overcome these barriers to learning. Our investment in our PLUS team and in mental health and wellbeing is, we feel, the reason that many students have met their targets at KS4. We will continue to ensure that this provision is supported and promoted.

Our three-year plan is intended to narrow the gap between disadvantaged and non-disadvantaged students and ensure that all students make good progress. The pupil premium strategy will regularly review the impact of the chosen strategies, refining the implementation if the strategies are not having the desired effect and continually assessing value for money. Ongoing student assessment, feedback (including student voice) and communication with parents will be used to ensure that our strategies are the correct ones.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge	Detail of challenge		
number			
1.	PP students with literacy levels below age expected levels		
2.	PP students with numeracy levels below age expected levels		
3.	Lack of appropriate space to focus, revise and complete work outside of school environment		
4.	Disadvantaged families particularly with social and emotional needs do not fully engage with the		
	school		
5.	Low attendance impacts negatively on learning		
6.	Lack of cultural capital and experience impeding ability to contextualise learning, particularly in		
	humanities subjects and English Language and Literature		

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Narrow Gap at KS3 so PP students equipped for GCSE	Gap in Year 7 – 9 to reduce so 85 -90% PP making
years	expected progress.
Reduce gap between Non-PP and PP literacy levels –	97% Y7 and Y8 PP reach 12 years reading age.
particularly reading, oracy and writing	Reading time built into the curriculum KS3 to KS5
	Tracking of reading history.

	Lesson observations and monitoring show teachers engaging PP students in oracy and talk for write strategies.
High proportion of PP Y11 making positive P8	50% and above of PP Y11 with positive P8
Increased uptake to BFS Sixth Form	Over 15 PP students meeting entry requirements to BFS Sixth Form.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £60,000

	ctivity	Evidence that supports this approach from the Education Endowment Fund Toolkit	Challenge number(s) addressed
1.	Homework/independent study culture support by digital software and after school clubs KS3 and KS4 – staffed by cover supervisors and UPS staff	Extending school Day	1, 2 and 3
2.	Oracy whole school initiative with Voice 21 – developing talk to read and write strategies to improve comprehension from academic text	Oral Language Intervention Reading comprehension strategies	
3.	Retrieval practice embedded into all lessons - using grids, interleaving and quizzing	Meta- cognition and self-regulation +7 months Smaller class size	
4.	Benchmarking at start of Y7 to create small nurture English and maths groupings to narrow gap in Y7 and Y8	Oral Language Intervention	
5.	In Y11 and Y10 additional groups and class support given to English and maths PP students who have fallen behind	Meta- cognition and self-regulation	
6.	Development of TEAMs curriculum to provide a keep them up and catch them up for PP students in English, maths and science	Aspiration Intervention	
7.	Accelerating progress for examination groups and developing cultural capital across curriculum to increase uptake into the sixth form and support destinations.		

Targeted academic support (for example, tutoring, one-to-one support structured interventions) Budgeted cost: £28,000

Activity	Evidence that supports this approach from the Education Endowment Fund Toolkit	Challenge number(s) addressed
 1. Reading Strategy and Accelerated Reader Programme – Year 7 and Year 8 Dedicated library manager, senior leader and teacher who manage reading and AR programme – linking with English department, tutors and parents/carers Drop everything and read ran twice a week for 20 minutes Termly data tracking of reading ages linked to reading interventions with sixth form students and TAs Dedicated English lesson once a fortnight to support AR programme and ensure PP learners are being exposed to a rich reading culture to boost cultural capital Reading groups which talk about a commonly read book and are read aloud to. Reading aloud books during tutor time 	Accelerated Reader adds + 3months and more to progress. Reading comprehension strategies +6 months	1 and 6
2. KS4 Academic Mentor – Year 10 and 11 Academic mentoring for students identified at risk of falling below nationally expected progress in English and maths.	Mentoring +2 months	3,4 and 5
Supporting students with creation of revision timetables and strategies for revision. Regular meetings to provide student teacher link.	Meta- cognition and self-regulation +7 months	
Small group academic interventions for vulnerable disadvantaged students at risk of low attendance. Running Y11 Study Hub to provide an afterschool opportunity for students to extend their day, complete	Extending school time +3 months	
academic work and receive academic interventions.		

Wider strategies (attendance, behaviour, wellbeing) Budgeted cost: £30,000

	Budgeted cost: £30,000				
Activity		Evidence that supports this approach from	Challenge number(s)		
		the Education Endowment Fund Toolkit	addressed		
1.	Attendance Interventions PP in persistent absence Increased hours and focus on PP students below 90% - use of attendance officer and year leaders Improved communication with PP families and the consequences of not attending regularly Earlier contact with families to develop attendance	Attainment evidence shows that students who attend school above 95% of sessions do statistically better than those lower than 95% Parental engagement	5 and 6		
3.	Development of BFS promise to provide supported trips and cultural experiences Tracker from Y7 and Y13 ensuring all PP access a range of non means tested cultural experiences Support with trips/uniform etc. to make students comfortable in school and boost attendance	Arts participation and cultural activities increase progress by up to = 3 months			

Wider strategies (Engagement)

Budgeted cost: £77,000

Activity	Evidence that supports this approach from	Challenge number(s)
·	the Education Endowment Fund Toolkit	addressed
1. Increase extra-curricular offer		4 and 6
and increase participation rates	Parental engagement	
of disadvantaged students.		
 Improved tracking and 	Behaviour strategies	
feedback about extra-		
curricular offer and target all		
students to attend at least 1		
activity a week.		
 Buy in staffing to increase 		
range of extra-curricular		
 Track the PP families who 		
have SEMH needs and put on		
a support programme that will		
support them. Use the		
Success Together strategy to		
provide parent/carers		
guidance and support on a		
range of issues families may		
encounter when raising		

	teenagers – link with external
	agencies
2.	Involve parents and students with
	behaviour support plans to help
	students struggling with emo-
	tional and mental health.

Total budgeted cost: £195,000

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.
