## PARKING ON CONCORDE DRIVE

Please be considerate when picking up your students from school. We have over 1300 students leaving the site at 3pm and the surrounding roads can become very congested. For the safety of all students and local residents, please do not enter Concorde Drive and arrange a safe place to meet your student a little further away from the school. Please do not park on double yellow lines or over driveways, and please stick to the 20mph speed limit.

Thank you for your understanding, to keep all in our community safe.

## NUT FREE SCHOOL

We are a no nut school. Please do not bring any nuts or products containing nuts into school. This includes snacks and lunch items such as pesto.

## NEW ATTENDANCE LAW

New attendance law has now come into force. Students are expected to arrive at school at 8.25am, to be in tutor for 8.30am. Those arriving between 8.30am and 9am will be given a late mark and a detention. The new attendance law means that the register will be closed at 9am. Those students arriving after 9am will be given an unauthorised late mark. Repeated unauthorised marks will lead to a penalty notice fine being issued by Bristol City Council.

New attendance law also includes updated penalty notices. A penalty notice can be issued for unauthorised absences once there are a minimum of 10 session (5 days) within a 10-week period. The penalty notice can be issued per parent, per child. The penalty notice is £160 if paid within 28 days. However, this will be reduced to £80 if paid within 21 days.

For a second penalty notice issued within a 3-year rolling period to the same parent in respect of the same child, the penalty notice is £160 if paid within 28 days. There is no option for this second offence to be reduced to the lower rate.

If a penalty notice remains unpaid after 28 days, then the parent may be prosecuted for failing to secure regular school attendance.

A third penalty notice cannot be issued to the same parent for the same child within a 3-year rolling period. Should the parent continue to incur further unauthorised absences then alternative action will be considered, which could include a prosecution for failing to secure regular school attendance.

## Sketchbooks

All Year 7 , 8 and 9 students will soon be receiving a wonderful art sketchbook. Primarily these will be used in class, however they will also be going home at times for students to complete their homework tasks. Please help your student to be responsible for their sketchbook, look after them and remember to bring them back in for art lessons! If sketchbooks are lost, then they may have to work on paper or pay for another book.

# BFS SIXTH FORM

## Welcome Year 12

This week, we were pleased to welcome our new Year 12 students to mark the start of the Sixth Form education during our Induction Day. We began by sharing our summer GCSE and A Level results with students, congratulating them on their bountiful successes following many years of hard work and casting their minds forward to the moment, in two years' time, when they will open their Sixth Form results ready to start their adult lives. We spoke to them about the increased independence that Sixth Form study brings and the sort of mindset and work ethic that this necessitates - connecting it to the final lines of Invictus by the poet William Ernest Henley. Following this, students decamped into their tutor groups to receive their new timetables and for some icebreakers to help them to get to know each other a little better. Lessons then began in earnest after lunch!

We were so happy to welcome our internal students after a well-deserved summer break and we were especially pleased to welcome a number of students from other local schools who have chosen to join us for Year 12.

## Green Jobs are Growing!

You may be aware that the West of England Combined Authority aims to make the region net zero by 2030, 20 years ahead of the UK Government's target. This may require up to 50,000 new green jobs across six priority areas: Nature Recovery, Low Carbon Buildings and Places, Renewable Energy, Climate Resilience, Low Carbon Business and Low Carbon Transport, providing some exciting employment opportunities for young people in the West of England area.

Last term, Year 7 completed an 'Introduction to Careers' unit in their tutor time programme, which included some lessons on green careers.

To help find out more about these jobs and the pathways into them, please see the '60 Green Jobs' poster at the end of the newsletter. Simply click on a job title to visit the job profile on Careerpivot to find out more about the job and the different pathways into it. You can also search for green job profiles using the Green Jobs search button on Careerpivot: [www.careerpilot.org.uk/job-sectors](http://www.careerpilot.org.uk/job-sectors)

You can also find the answers to lots of questions you may have about study and work options for your young person at the Careerpivot Parent Zone: [www.careerpilot.org.uk/parent-zone](http://www.careerpilot.org.uk/parent-zone)
